## Project Manager – Installations

### Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

### Job Description

Project Manager – Installations

Dublin 12 with 25% European travel

€70'000 - €78'000 + bonus and excellent benefits

Are you an experienced Project Manager ready to take the reins on complex installations across Europe? A leading manufacturer in Ireland is hiring a dynamic and experienced Project Manager to join their team. This role offers the opportunity to manage large-scale multi-faceted projects from inception to completion, ensuring that every phase is executed seamlessly and to the highest standards.

#### Key Responsibilities:

Lead and manage project teams, ensuring all projects are delivered on time, within scope, and within budget.

Develop comprehensive project plans and coordinate with cross-functional teams to meet project objectives.

Oversee resource allocation, manage risks, and implement corrective actions to address any deviations.

Maintain strong relationships with clients, suppliers, subcontractors and stakeholders to ensure the successful delivery of each project.

#### Qualifications:

A proven track record of at least 5 years in project management within the installations or construction sector, ideally with exposure to the Data Centre environment.

Exceptional leadership, organizational, and communication skills.

A strong ability to manage multiple projects simultaneously, ensuring high-quality outcomes.

Relevant Project Management certifications (PMP, PRINCE2, or equivalent) are highly desirable.

This is a fantastic opportunity to be part of a dynamic and inclusive team that values innovation and

professional growth.
