Data analyst with Spanish and excellent client support communication skills

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Your appointment is as a data analyst, business expansion executive and client support person, reporting to Dr Maria Garvey. The Company cultivates a team spirit and requires co-operation and support by colleagues of each other. Due to the changing demands of the business, your duties may vary from time to time. You will be given due notice of any such changes.

Your responsibilities will include:

- Develop a deep understanding of the data and business processes associated with Chart Review, Targeting Analytics and Risk Adjustment
- Serve as an SME on chart targeting and participate in creating integrated solutions
- Research and develop innovative analytics and business processes to generate value and optimisation for our clients. Lead pilot programs to demonstrate value.
- Be a hands-on data expert, analyze and provide solutions to complex operations & data problems
- Drive short term & long term strategies data operations
- Lead reengineering initiatives to modernize legacy analytics. Work closely with stake holders to understand new features/enhancements for the product
- Validate data models, provide design inputs to build scalable data and analytics processes/data flows
- Give input to reporting teams to build elegant dashboards/reports for complex analytic results
- Translate data to Spanish and prepare to expand business in Spanish Speaking countries
- Build and execute the business development strategy across Spanish Speaking countries
- Initiate, cultivate, and manage relationships with leaders in the Primary and Post primary sectors to close new business.

- This vacancy is suitable for Remote/Blended working
