Sheet Metal Worker or Duct Installer

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Working with a crew installing ventilation ducting. This work requires a level of precision, accuracy and neatness. It would be ideal if you have an ability to read drawings / specifications, and be able to plan out your work according to given schedule, liaising with contract managers and other trades where necessary. Good communication skills are important, and being able to work as part of a team. Good timekeeping and attendance is vital.

There will be some working at heights and on elevated platforms. Site safety is very important, and you will be required to wear safety equipment.

We work 39 hours per week, Start time, depending on site, is usually 7.30. Access to transport is important, as we work in a variety of locations. There is occasional overtime. Most of our work is located around Dublin, but we currently have regional work too.
