Maintenance Electrician

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

We are expanding our innovative, award-winning team and currently seeking a Maintenance Electrician

The Maintenance Electrician is part of a team who look after the maintenance of OCE assets and facilities. Maintenance can occur on a routine preventative basis or can be required on an unscheduled basis. The Maintenance Electrician will work closely with Maintenance Supervisor to ensure the safe and smooth running of the business. This role is not restricted to electrical works and will require flexibility to carry out maintenance works across all O' Carroll Engineering facilities. The Maintenance Electrician must ensure all OCE policies and procedures are adhered to at all times.

Main duties:

- Actively complete scheduled and unscheduled repairs to ensure smooth running of workshop floors
- Update the Asset Management System (AMS) following any completed works
- Ensure all projects are carried out in line with OCE requirements
- Routine maintenance checks on forklifts and document same
- Manage and maintain stocks of gas
- Attend meetings as required
- Further the Lean Process, partake in Lean initiatives and ensure Lean principles are followed
- Partake in internal and external audits as required by the ISO9001 and EN1090 standards
- General 'ad hoc' duties as required and directed by management

Minimum requirements of Maintenance Electrician:

- Qualified Electrician
- Industrial maintenance related work experience
- Excellent communication skills

Proven ability to multi-task

Flexibility to move between projects

The Maintenance Electrician role requires a minimum of 39 hours per week, Monday to Friday. A reasonable level of overtime may be required at morning, evening or weekend time to ensure the fulfilment of the requirements of this role. The Maintenance Electrician will be required to remain available for out of hours 'call-outs'.
