Senior Refrigeration Service Technician

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

About Us: Streamline Enterprises is a leading provider of both Commercial and Industrial Refrigeration.

Job Description: We are currently seeking a qualified Refrigeration Technician with the ability to troubleshoot and repair various types of refrigeration equipment.

Responsibilities:

- Install, maintain, and repair refrigeration systems, including commercial refrigerators, freezers, and air conditioning units.
- Perform routine inspections to identify potential issues and ensure equipment is operating efficiently.
- Diagnose malfunctions in refrigeration systems and components, utilizing knowledge of refrigeration principles and testing instruments.
- Conduct preventative maintenance activities to prolong the life of refrigeration equipment and reduce the likelihood of breakdowns.
- Respond promptly to service calls and emergency situations, addressing issues in a timely and effective manner.
- Collaborate with other team members and departments to coordinate repair and maintenance activities.
- Keep accurate records and reports of all maintenance and repair activities, including parts used and hours worked.
- Work on an On Call emergency breakdown Rota

Requirements:

- Fluent English - Effective communication and interpersonal skills.
- Proven experience as a Refrigeration Technician or in a similar role (min 3 years).
- Certification in refrigeration repair or a related field is preferred.

- Strong knowledge of refrigeration systems, components, and controls.
- Ability to read and interpret technical manuals and blueprints.
- Excellent troubleshooting and problem-solving skills.
- Physical ability to lift and move heavy equipment.
- Strong commitment to workplace safety and adherence to regulations.
- Full clean EU driving license
- Knowledge of C02 desirable but not essential as training will be provided.
- Safe Pass
- Manual Handling
- F-Gas Certification

Benefits:

- Competitive salary, based on experience and qualifications
- Company vehicle and fuel card provided
- Company phone for job management and reporting
- Paid on-call allowance and overtime opportunities
- PPE, tools, and uniforms supplied
- Paid annual leave and public holidays in line with Irish employment law
- Relocation assistance available for qualified international candidates
- Contribution to pension scheme (after qualifying period)
- Work visa sponsorship available for qualified candidates.

How to Apply: Interested candidates are invited to submit their resume and cover letter to bruno.salik@streamlineenterprises.ie Please include " Senior Refrigeration Service Technician Application" in the subject line.
