Senior Medical Scientist / Senior Biomedical Scientist in Histology

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Eurofins Biomnis is the leading independent provider of medical laboratory testing services in Ireland.

Eurofins Pathology, a part of Eurofins Scientific Group. The laboratory provides a full laboratory service from wet tissue receipt, through technical processing and specialist reporting by a team of Consultant Histologists.

We now require a:

Senior Medical Scientist/Senior Biomedical Scientist

We're a growing and ambitious company, so there is huge potential here to develop with us and enjoy fantastic rewards in your career.

We offer very competitive salaries, flexible working hours, excellent training, exceptional career prospects. You will receive a very attractive salary and overall benefits package.

Reporting to the Chief Medical Scientist and an integral part of the department's team, the successful candidate will have practical experience in Cellular Pathology and the relevant histology knowledge. As a competent experienced medical scientist with a flexible approach to work, you will be required to rotate through all the functions of a histopathology laboratory including cut-up/dissection, embedding, microtomy (manual and automatic) and routine and special stains.

The ideal candidate will be an ambitious professional, working presently in a Senior Medical/Biomedical Scientist role in Histology ideally, who is looking to advance their specific Histology focussed career with us.

Training and development support will be given to you to help your progression within the

organisation.

Qualifications:

Education

- Holder of Bachelor's degree- At least 5 years' experience as a Basic Grade Medical Scientist
or

Holder of Master's degree- At least 2 years' experience as Senior Medical Scientist specifically in a working medical Histology laboratory

AND

Candidates must be able to provide evidence that they are fully registered to practice as a Medical Scientist, with CORU or as Biomedical Scientist with HCPC.

Experience

- 5 years' experience specifically in a working medical Histology lab

Extensive experience of scientific work in the Histology laboratory, embedding, microtomy (manual and automatic) and routine and special stains, and specifically in Dissection & Cut-Up

Skills and Abilities

- A diligent, strong work ethic with the ability to work independently, with thorough attention to detail and accuracy, and not afraid to ask for assistance from experienced colleagues to ensure an outstanding laboratory service.
- Excellent organisational, interpersonal and communication skills.
- A proven team player

Eurofins Biomnis/Eurofins Pathology is an Equal Opportunities Company

- **Sector:** professional, scientific and technical activities

Career Level

- Experienced [Non-Managerial]
