Manufacturing Technology Apprenticeship - Level 6 - Apprenticeship

Job Description

First Year Apprentice Vacancy

****Applicants must have the right to live and work in Ireland to apply**

Manufacturing Apprenticeship – Level 6 Students

Masonite is one of the world's leading manufacturers of interior doors and entry door systems: Throughout the company's over 100-years history, Masonite has maintained its focus on leading-edge innovation, manufacturing excellence and superior customer service. Masonite is committed to delivering product and service innovations that will enhance beauty, functionality and architectural design to its customers around the world. Builders, remodels, architects and homeowners rely on Masonite products to create homes of distinction.

About the Role: We are offering an exciting apprenticeship opportunity in the manufacturing field for Level 6 students. This is a two-year program that combines structured learning and extensive on-the-job training. As an apprentice, you'll receive professional mentorship and gain practical skills that will help you build a strong career in manufacturing.

What You'll Do:

- 15 weeks of block study designed to develop your theoretical knowledge and industry-specific skills – from September to December 2025
- 70% of training on the job providing you with hands-on experience in manufacturing processes, systems, and technology – First 6 weeks in the company and from January to August 2026
- Work closely with experienced professionals in the field, learning key manufacturing skills such as machinery operation, quality control, process optimization, and more.
- Gain insight into advanced manufacturing techniques and contribute to real-time projects and innovations.

What We're Looking For:

- Candidates must be 18 years or over when Training commences. Training will commence in August 2025
- Motivated students for a Level 6, with a keen interest in the manufacturing industry.
- Strong problem-solving and technical skills.

- A passion for learning and the ability to work in a fast-paced environment.
- A proactive attitude and the ability to work well as part of a team.

Why Choose Us?

- Industry-recognized qualifications that will set you up for a successful career in manufacturing.
- A supportive work environment with opportunities to work on cutting-edge technologies.
- Mentorship from experienced professionals in the field.
- An opportunity to earn while you learn.

Educational Requirements

- CAO applicants - minimum 160 points, Pass (Grade O6 or better) in five ordinary leaving certificate subjects, two of which must be Maths and a language (English or Irish). Leaving cert APPLIED is not suitable.
- Cognate QQI-FET Level 5, 6 applicants plus leaving certificate Maths.
- Mature students (over 23 years) do not require a leaving certificate but must pass a company interview.

How to Apply:

Submit your application, including a CV and a brief cover letter, to recruitment@masonite.com

The deadline for applications is 6th June 2025.

For more information please see [apprenticeship.ie](https://www.apprenticeship.ie)

Note: As part of the national apprenticeship system, there are formal requirements for approval of an employer's suitability to train apprentices and for registration of apprentices. Advertising on this site does not guarantee that Employers are approved to recruit and train for apprenticeship positions.
