### Job Description

We're currently recruiting a Forestry Technician to join our team full time. The successful candidate will be based in the Midlands / North-West, with occasional travel to other regions. This role is ideal for someone with a forestry or agricultural background, looking to build a long-term career in a rewarding and dynamic environment.

#### Key Responsibilities:

- Conducting site inspections and preparing detailed reports
- Planning and supervising forest operations, including harvesting, reforestation, and maintenance
- Supporting land management planning and implementation
- GIS mapping, field assessments, and forest inventory
- Assisting with licensing and grant applications
- Engaging with landowners, contractors, and regulatory bodies

#### Candidate Profile

##### Essential:

- A qualification in Forestry or a related land-based discipline (e.g., land management, geography, environmental science, landscaping)
- Full driving licence and access to own transport
- Proactive, self-motivated, and flexible in approach with strong verbal and written communication skills
- Excellent organisational, analytical, and IT skills (MS Office, GIS/mapping tools)
- Ability to work independently and manage multiple priorities

##### Desirable:

- Knowledge of Forest Service licensing and grant schemes (e.g., Afforestation, Roads, Woodland Improvement)
- Experience in contracting and/or forest inventory work
