## Sustainability Consultant

### Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

### Job Description

CG Business Consulting is seeking a motivated and passionate individual to join our team. This is an exciting opportunity to work with industry leaders in sustainability, helping businesses across Ireland achieve their environmental and operational goals.

#### Role Overview

You will contribute to a variety of impactful projects, including:

- Sustainability strategy development
- Carbon reduction initiatives
- Sustainability standard implementation
- Client training and audits

This hands-on role offers broad exposure across multiple industries, driving real change in environmental performance and sustainable operations.

#### Qualifications

- Required: Diploma or Degree in Environmental Engineering, Sustainability, Environmental Science, Energy, or a related field
- Preferred: Master's in Sustainability Management, Climate Change, or Environmental Science

#### Candidate Profile

We are looking for someone with:

- Passion for sustainability and climate action
- Strong interest or knowledge of carbon footprinting, ESG, net-zero pathways, and CSRD/ESRS reporting
- Familiarity with decarbonisation strategies
- Awareness of EU/global sustainability regulations
- Excellent communication and report-writing skills
- Strong attention to detail and data integrity

- Ability to multitask and manage documentation
- Team player with the ability to work independently in a fast-paced environment

#### Key Responsibilities

- European Sustainability Reporting
- Perform carbon footprint assessments in line with ISO 14064 and GHG Protocol
- Support validation and verification of sustainability claims (e.g., net-zero, carbon neutrality)
- Analyse sustainability data and generate actionable insights
- Create clear, detailed reports for assessments and verifications
- Deliver training on sustainability standards and best practices
- Keep current with sustainability standards and regulatory changes
- Assist with logistics, operations, and technical follow-up for validations and training

#### Why Join CG Business Consulting?

Be part of a forward-thinking consultancy that fosters innovation, collaboration, and a shared commitment to a greener, more sustainable future.

- This vacancy is suitable for Remote/Blended working
- **Sector:** professional, scientific and technical activities

#### Career Level

- Experienced [Non-Managerial]
