Electrical - Apprenticeship

Job Description

What to expect in the role?

- This is a 4 year Apprenticeship leading to a QQI Level 6 qualification as an Electrician.
- We will register the Apprenticeship with SOLAS and we will support all of the SOLAS training requirements for the successful candidate.
- We provide all of the necessary tools, personal protective equipment and training.

What we need from you?

Understand mathematical techniques, formula and calculations in a mechatronics maintenance environment and the type of equipment being maintained.

Understand mechanical, electrical, electronic, fluid power and process control principles in a mechatronics maintenance environment.

Understand how equipment being maintained functions and operating parameters in individual components and how they interact.

Understand fault diagnostic methods, techniques and equipment used when maintaining equipment and systems.

Understand condition monitoring methods and equipment used and understand how the information gained.

Supports the planning of maintenance activities.

Understand how to minimise machinery downtime by implementing planned preventative maintenance programmes.

We will be looking for alignment with our Core Values:

Responsibility – Ability to work on your own initiative and take accountability for your actions

Ambition – You will have the willingness and confidence to challenge yourself to be the best you can be and be driven to succeed

Passion for Food – this is at the heart of everything we do, you must be passionate about every aspect of our industry

Teamwork – ability to build positive relationships quickly with people from all cultures and career stages is pivotal

What can we offer you?

Employee Discount Scheme

Service-Related Annual Leave

Discounted Health Insurance

Educational Assistance/ L&D

Discounted Meat Products

Cycle to work scheme

Employee assistance programme
