Mobile Service Technician / Mobile Automotive Mechanic - Dublin

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Do you want to help accelerate the world's transition to sustainable energy?

At Tesla that's our mission.

We are looking for talented Automotive Technicians for Tesla's Service Centers across United Kingdom and Ireland. At Tesla, our Mechanics are the backbone of the Service operation, supporting our mission to accelerate the world's transition to sustainable energy. We've created one of the most innovative vehicles ever made, and as a Service Technician you will help ensure an equally innovative service to our customers.

We Offer:

A dynamic and fast-paced environment where inclusion, learning and collaboration are key to success.

An opportunity to utilise varying models of our fleet for daily operations and repairs.

The chance to work with innovative technology, advanced tools and software.

Ongoing training and development to help you grow your skills and career.

A competitive compensation and benefits package including Tesla shares.

What You'll Do

Service, repair and improve: Working with Tesla specific software and advanced tools you will be performing repairs and maintenance on all types of Tesla vehicles, without supervision in a remote setting. Plan routes, prepare parts, load vehicle and drive out to customers to service their vehicles.

This is an independent position, mainly on the road driving to customers. Upon request, you may need to be located in a service center.

Ensure top quality: Fix it right first time, we trust you to inspect our vehicles diligently before return

and pre-delivery and to work with the highest quality standards.

Collaborate: Working across teams (local and regional) you will be sharing support and best practices in order to further improve the service experience.

Develop: Setting you up for success our dedicated in-house training teams will train you on Tesla specific technology and the repair of Electrical Vehicles.

Customer Facing: Take ownership of all customer facing interactions. You will be required to perform basic repairs, educate customers on technical information and general usage of vehicle.

What You'll Bring

Technically experienced: You have professional experience performing vehicle service and repairs working within either automotive, aviation, marine or similar industries.

A good communicator: You speak and write English well and know how to get your point across clearly and respectfully.

Safe to drive: We require you to hold a full European driver's license (Class B for cars) held for a minimum of two years.

Flexible: You may work in shifts to support your team, which may include weekends, morning and evening shifts. You are willing to travel to various sites and detail cars, when needed.

Eligible: to live and work in Ireland
