## OEM Engineering Technician - Apprenticeship

### Job Description

First Year Apprentice Vacancy

Regeneron Ireland DAC - OEM Engineer Level 6

The Apprenticeship Programme is designed to provide apprentices with the required knowledge, skills and competencies to perform as a qualified craftsperson. Under the guidance of experienced Technicians, the Apprentice is primarily responsible to provide a support service to the site as part of the Facilities team specialising in OEM Apprenticeship activities. The successful candidate will complete all training, both on and off site phases as per SOLAS OEM Apprenticeship training programme curriculum.

A typical day might include, but is not limited to, the following:

Under the guidance of experienced Technicians:

Providing support to Facilities, Quality Assurance, Automation, Engineering, Operations or any other area as required

Installing, testing, servicing and maintaining a range of engineered equipment

Assembling, installing, testing, commissioning, and carrying out fault diagnostics on electrically powered systems

Completing both scheduled and unscheduled maintenance activities on plant and equipment

Following site Environmental, Health and Safety policies and striving to maintain an accident-free environment

Ensuring documentation of maintenance activities to current GxP standards both in paper-based records and the computerised maintenance system

Maintaining the physical condition and environment of all areas

Supporting continuous improvement, housekeeping and Lean initiatives

Working across all areas of Facilities

Contributing to the development of the apprenticeship programme at Regeneron

This role might be for you if:

You are interested in engineering and mechanical systems

You possess logical troubleshooting and problem-solving skills

You enjoy hands-on tasks and have a dynamic approach to work

You are willing to participate in off-the-job college phases over three years

To be considered for this opportunity you must have a Leaving Certificate, including a pass in Maths and Science subject.
