Software Development Associate Apprenticeship

Job Description

****Please Apply Via Link Provided Below****

The Software Development Associate Apprenticeship is a two-year programme designed for those who

have recently completed second-level education or learners seeking to retrain. It is a dual-education programme involving both college-based and workplace learning. This college-based learning is state funded and tech apprentices receive a salary from their employer while on the programme.

Successful completion of all modules on this programme results in the attainment of a Quality and Qualifications Ireland-accredited Advanced Certificate in Computer Programming, which is placed at Level Six on the National Framework of Qualifications.

Minimum candidate entry requirements are as follows. A successful candidate:

- Must be 18 years or older;
- Will be required to complete an initial aptitude test;
- Must have achieved a passing grade (or O6/H7) in 5 or more subjects, including Mathematics and English (both at Ordinary Level or above), in the Irish Leaving Certificate;
- Must be eligible to participate in Further Education and Training programmes; and
- Must be entitled to study and work in Ireland.

For more information please see apprenticeship.ie

Note: As part of the national apprenticeship system, there are formal requirements for approval of an employer's suitability to train apprentices and for registration of apprentices. Advertising on this site does not guarantee that Employers are approved to recruit and train for apprenticeship positions.
