Multimedia Content Creator

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

We are looking for a highly skilled and self-driven Multimedia Content Creator to join a fast-rising artist team in the music industry. This position requires a strong portfolio in photography, videography, and social content, particularly within live events, music tours, and branded digital storytelling.

You'll be joining a dynamic environment where creativity, agility, and professionalism are essential. From sold-out venues to behind-the-scenes access, this role offers a front-row seat to the inner workings of a rapidly growing artist's journey.

What You'll Do:

Capture compelling photo and video content across concerts, tours, studio sessions, and promotional campaigns

Produce high-impact short-form video edits for social platforms (Instagram Reels, TikTok, YouTube Shorts, etc.)

Lead the full creative process — from pre-shoot planning to post-production

Develop and maintain a consistent visual identity across all channels

Manage digital archives, export-ready deliverables, and quick-turn content drops while on the road

Collaborate with management, publicists, and external creatives on campaigns and press materials

Travel frequently with the artist(s), including international touring

What You'll Bring:

A strong portfolio in live event photography/videography, preferably in music or entertainment

Proficiency in Adobe Creative Suite (Premiere Pro, Lightroom, Photoshop)

Experience shooting in fast-paced, low-light environments using DSLR/mirrorless systems

Excellent organisational and time management skills

Strong understanding of current social media trends and audience engagement

Nice to Have:

Previous experience touring with musicians or working on music video/EP launch campaigns

Skills in motion graphics, typography, or colour grading a plus

Understanding of storytelling through visual pacing and narrative structure

- **Sector:** arts, entertainment and recreation

Career Level

- Experienced [Non-Managerial]
