Structural Engineering CAD / Revit Technician

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

DCE IRL, a well-established Chartered Engineering Consultancy based in Dundalk, has a new vacancy for a Structural Engineering CAD / Revit Technician.

Duties for the CAD / Revit Technician will include, but are not limited to the following:

- Working closely with design teams on construction plans
- Developing design ideas using CAD Software
- Research and obtain up-to-date standards and codes required
- Assisting in the inspection of buildings / construction on site
- Assisting in planning and building regulation approvals
- Work alongside a team of Engineers / Technicians
- Ensure that drawings correspond with client & project engineers' requirements

Requirements:

Hold a Diploma or Degree in Civil or Structural Engineering or other 3rd Level Qualification, preferably with 5 years post-graduate experience.

- Knowledge of building and construction
- A good working knowledge of AutoCAD & Microsoft Office is essential
- A proven ability to work to strict deadlines
- Good AutoCAD drawing & basic design capabilities
- Previous experience in drawing production
- Fluency in English (written and oral)
- Ideally have a full clean Irish Driving License

Personal Attributes:

- Creative Thinking and Design Skills
- Good communication skills
- Potential to work effectively under pressure
