## KIA Master Technician

### Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

### Job Description

We're seeking a Kia Master Technician to deliver manufacturer-standard diagnostics, repairs, and maintenance. You will work with the latest Kia technologies (including hybrid/EV systems), uphold brand quality, and support a high-performing workshop through mentoring and best practice.

#### Key Responsibilities

Perform advanced diagnostics, repairs, and maintenance on Kia vehicles to OEM standards

Use Kia diagnostic systems (e.g., GDS/KDS), technical bulletins, and service information

Complete warranty/recall work and documentation accurately

Calibrate ADAS and carry out software updates, coding, and programming where required

Road-test and verify repairs; complete job cards, VHCs, and service records

Maintain a safe, compliant, and organised workshop; follow H&S and environmental procedures

Mentor junior technicians and apprentices; support continuous improvement

#### Qualifications

Trade-certified Vehicle Mechanic

Kia Master Technician certification or equivalent OEM master-level training

EV/High-Voltage (e.g., IMI Level 3) and F-Gas/Air-Con handling certifications (desirable)

Minimum 5 years' post-qualification experience in a dealership or OEM workshop environment

- **Sector:** wholesale and retail trade; repair of motor vehicles and motorcycles

### Career Level

- Experienced [Non-Managerial]
