Paediatric Physiotherapist

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

If you are a Chartered Physiotherapist passionate about working with children and young people this is the ideal opportunity for you to develop your skills as a Paediatric physiotherapist. This opportunity will allow you to treat MSK, Neurological cases, delayed development, sports injuries & Scoliosis cases outside the confines of the health board but within a supportive and innovative private practice setting?

We are currently seeking a full-time Chartered Physiotherapist to join our expanding team, with a focus on paediatric care. This role is ideal for a clinician who is either already experienced in paediatrics or is eager to specialise through ongoing mentorship and structured professional development.

About the Role

You'll be working with a varied paediatric caseload that includes:

MSK and biomechanical assessments (e.g. postural issues, growing pains, hypermobility, gait abnormalities, sports injuries, severs, oosgoolds, etc. tallipes and torticolles)

Neurological conditions (e.g. developmental delay, CP, coordination difficulties)

Scoliosis – with an opportunity to train in Schroth / Rigo concept physiotherapy and other evidence-based management approaches

You will also:

Conduct detailed assessments and develop personalised treatment plans

Deliver progressive, evidence-based rehabilitation in a child-friendly setting

Collaborate with parents, GPs, consultants, and other healthcare professionals

Have access to structured mentorship, CPD, and opportunities to specialise in your chosen area

What We're Looking For

BSc or MSc in Physiotherapy

CORU registered and a member of ISCP

A minimum of 2–3 years' post-graduate experience preferred

Experience or strong interest in paediatric MSK, scoliosis, or neurological physiotherapy

A compassionate, child-centred approach with excellent communication skills

Commitment to continuous professional development and high-quality care

Desirable (Not Essential) Skills

Scoliosis management (Schroth / Rigo Concept training a plus – training can be provided)

Experience in paediatric neurodevelopmental therapy

Gait analysis and orthotic prescription

Pilates, sensory integration, or play-based rehab strategies

Manual therapy techniques and complex pain management in children

What We Offer

At Kilkenny Physiotherapy & Sports Injury Clinic, we provide an environment where clinical development and specialisation are encouraged:

Competitive salary package

Access to our GoTo Physio Mentorship Programme

Opportunities for further training and funded CPD

Support in developing a paediatric specialisation pathway

Flexible working hours and a focus on work-life balance

Pension enrolment & wellness initiatives

Friendly, collaborative clinical team environment
