Oversee Life Safety Systems (LSS) and collaborate with associated vendors.

Support sustainability efforts by managing energy consumption effectively.

Coordinate with external contractors for maintenance and repairs.

Plan and execute minor installations and improvement projects.

Perform cost and delivery assessments in line with Sodexo procurement procedures.

Ensure compliance with health and safety protocols, including risk assessments and lock-out tag-out processes.

Take ownership of task completion, ensuring timely and high-quality results.

Collaborate with the Tech Team to support diverse responsibilities.

What you bring:

At least 3 years of experience in electrical building services and plant maintenance.

Level 6 NQAI Certificate in Electrical Craft Practice (or equivalent).

Strong written and verbal communication skills.

Exceptional customer focus and a proactive, positive attitude.

Proficiency in numeracy and computer literacy.

Full, clean driver's license.

What We Offer

Working with Sodexo is more than just a job; it's a chance to be part of something greater. You'll belong in a company and team that values you for who you are, empowers you to act with purpose,

and provides the resources to help you thrive in your own way. In addition, we offer:

Flexible and dynamic work environment.

Competitive compensation.

Access to ongoing training and development programs.

Countless opportunities to grow within the company.
