Job Description

McGrath Concrete Products Ltd T/A McGrath Quarries at Fortane Beg, O'Callaghan Mills, Co. Clare is looking for 5 (CNC) Computer Numerical Control Operative. Minimum 2 years experience is required. The candidate will be responsible for processing the concrete products at our factory where they will be following a production schedule as set out by the production manager. Candidate will be tasked with monitoring the Tensyland machine for productions of various prestressed concrete profiles : T beams, tubular beams, hollow core slabs for flooring or wall panel slabs, inspecting finished products and leading test runs. The candidate will also need to understand where the products are at all stages during this time in case it gets broken down. Salary is €34,000/annum for 39 hours /week.
