Job Description

Alumax Limited is looking for a skilled and dependable bilingual carpenter to join our construction team. The selected candidate will be responsible for building, installing, and repairing a wide range of wooden structures—from structural frameworks to intricate finishings.

Key Responsibilities:

- Assist in assembling, installing, and repairing wooden structures including frames, doors, staircases, and other fixtures
- Construct, fit, and install custom-built cabinetry, shelving, and skirting boards
- Carry out maintenance and restoration work on existing wooden structures and fittings
- Interpret and follow technical drawings and blueprints accurately
- Safely and efficiently operate hand and power carpentry tools
- Ensure all work meets the required quality standards
- Adhere strictly to health and safety regulations on all worksites
- Perform both first and second fix carpentry tasks as needed
- Communicate effectively with site supervisors, team members, and clients

Qualifications:

- Minimum of 5 years' experience in carpentry or related trade
- Ability to read and interpret construction plans and technical drawings
- Strong attention to detail and pride in workmanship
- Proficiency in using carpentry tools and equipment (desirable)
- Strong teamwork skills and ability to follow instructions (desirable)
- Knowledge of workplace safety regulations and proper use of PPE (desirable)
- Time management and problem-solving skills
- Speaking mandarin will be a plus
- Traveling to sites is required
