Building Services Engineer

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Building Services Engineer

Location: Lilly Kinsale, Cork

Contract: Full-time | Permanent Position

Salary: €70,000 + Exceptional Sodexo Benefits

Health Insurance Allowance - €1,700 annual health insurance allowance.

Performance Recognition – Functional bonus.

Wellbeing Support – Employee Assistance Programme, unlimited resources, and a free health app with 24/7 virtual GP.

Lifestyle Perks – Hundreds of discounts via our Sodexo Reward Hub.

Career Progression – Clear pathways for advancement in a global organisation

Sodexo is looking for an experienced and driven Building Services Engineer to take the helm at our flagship site in Kinsale, Ireland – a thriving, large-scale campus with 50+ buildings, 1,400+ clients, and over 100 Sodexo team members working alongside specialist contractors.

With the site in a major growth phase, this is your chance to lead within a complex, high-performance, and tightly regulated environment, ensuring world-class standards are met every single day.

As our Building Services Engineer, you'll:

Own site-wide technical performance – delivering excellence in safety, compliance, and operational standards.

Supporting a team of 8+ skilled technical staff.

Manage key systems including BMS, Maximo, GMARS (or similar).

Champion GMP compliance and the highest HSE standards.

Drive efficiency with KPI monitoring and continuous improvement projects.

Demonstrate attention to documentation and reporting.

Build trusted partnerships with our client and key on-site stakeholders.

Use CMMS (Computerised Maintenance Management Systems) to schedule and track maintenance tasks.

Conduct preventive and reactive maintenance of building systems.

Recommend upgrades like LED lighting or energy-efficient HVAC systems.

Monitor energy usage and optimise system performance to reduce costs and environmental impact.

Ensure all systems and equipment are compliant with Irish regulations and standards.

We're looking for an engineer who is:

Has proven experience working in technical services in a regulated environment.

Experienced in supervising technical teams (2+ years in people management).

Skilled in electrical or mechanical engineering (preferred).

Confident in client-facing roles, with exceptional communication and relationship skills.

Strategic yet hands-on – able to collaborate across departments and respond proactively.

Demonstrates a good understanding of Asset Management best practice.

Why You'll Love Working with Sodexo

This is more than a job – it's an opportunity to:

Take a key leadership role on one of Ireland's most prestigious sites.

Shape the operational future of a growing, innovative facility.

Work in a client-facing, high-visibility position where your leadership will be noticed and valued.

Join a company that invests in your growth, safety, and long-term success.

Working with Sodexo is more than a job; it's a chance to be part of something greater.
