Mechanic (Plant)

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

You will be hands-on mechanic working on our plant machinery – from Mini Diggers, Dumpers, Forklifts and Telehandlers – carrying out maintenance, servicing, and repairs to the highest standard, whether in our depot or out on customer sites. With your expertise, every machine will perform at peak efficiency. You will also play a key role in ensuring essential parts and spares are ordered promptly, helping us deliver fast, reliable solutions every time.

Key Responsibilities:

Prepare equipment in the depot ready for hire

Inspect, service, maintain and repair plant machinery and depot assets to the highest standard

Attend equipment breakdowns on customer sites to carry out safe and effective repairs as and when needed

Maintain accurate service and inspection records at all times

Identify and record damage on out-of-service equipment

Promote Health, Safety, and Environmental standards, reporting any issues to your line manager

Keep your work area clean, tidy, and well-maintained

Carry out additional duties within your skills and competence as required to support the smooth running of the business

A proven mechanical or engineering background

A recognised qualification in mechanical plant or agricultural engineering

Good mechanical aptitude, with a hands on approach

Ability to complete records, paperwork accurately is essential

Plant machinery knowledge and ability to fault find is essential

A reasonable level of fitness is required due to the physical nature of the work

To be flexible, trustworthy and reliable and have excellent time keeping skills is essential

Valid full driving licence
