## Civil Engineering Internship with Colas Ireland

### Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

### Job Description

Who is Colas:

-The Colas Group operates internationally in all aspects of transport infrastructure.

-As part of the global organisation, Colas Ireland is primarily involved in the distribution of bitumen products, emulsion and emulsifier manufacturing, and the provision of specialist road maintenance services on the national, regional and local road network.

-Colas operates from 14 locations across Ireland.

The Opportunity:

As a Civil Engineering Intern, you will be exposed to a variety of responsibilities designed to help you build essential technical skills and gain practical experience in the field. Your main priority will be to assist the Contracts Management Team with planning and executing surfacing contracts in the Connacht region by:

-Assisting in Documentation preparation (R.A.M.S., TM Planning, Sub-contractor Documentation etc.)

-Material Sampling and co-ordinating testing with the in-house Laboratory.

-Preparing safety files for minor civil projects (pavement schemes, drainage works, safety barrier works etc).

-Liaising with Health and Safety personnel at all times and liaising with clients and their representatives to agree measures.

Why should you apply:

- Colas is celebrating 100 years of existence this year; join world leaders in the science of roads.
- Colas are fully committed to promoting equality, diversity and maintaining a culture of fairness and respect for all employees.
- With innovation at their core, Colas delivers sustainable solutions for Ireland's transport infrastructure.

Who can apply:

- In your third year of an undergraduate degree studying Civil Engineering or a related degree.
- Located in Ireland.
- Driving licence and access to a vehicle.
- Problem-solving skills.
- Verbal and written communication skills.
- Time management and multitasking skills.
- Enthusiasm for outdoor works.

- **Sector:** construction

#### **Career Level**

- Student
