Ecologist

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Job Description

- Carries out environment-related desk-based research and fieldwork to collect, analyse and interpret data to determine their validity, quality and significance.
- Carries out environmental audits and environmental impact assessments.
- Communicates scientific and technical information to relevant audiences in an appropriate form, via reports, workshops, educational events.
- Assists organisations to conduct their activities in an environmentally appropriate manner.
- Implements, reviews and advises on regulatory and legislative standards, guidelines and policies.
- Provides professional guidance to clients, government agencies, regulators and other relevant bodies, having regard for sustainable approaches and solutions.
- Managing Development Projects
- Meet regularly with your Line Manager to ensure Continuous Professional Development (CPD) is up to date and that you are managing your workloads appropriately with them.
- Desk based assessments to inform Ecology reports.
- Field Surveys for Habitats / Protected Species (according to skill set).
- Potentially assisting with Ecological Clerk of Works (ECOW) duties.
- Supporting the team with and drafting Environmental Reports (including Chapters for Environmental Impact Assessment; Ecological Impact Assessment; Appropriate Assessment and Habitats Regulation Assessment, in RoI and NI as necessary).
- Providing Clients with advice in accordance with conservation legislation and protected species licensing (according to competency and

experience levels). • Follow health and safety guidance according to Woodrow APEM HS Statement and
implement company and Client requirements for HS for yourself and others, particularly while on site. • Book and
access equipment, tools, vehicles in the Woodrow Sligo Office to ensure you can undertake robust surveys
depending on the ecological requirements for this.

Candidate Requirements

• A third-level qualification in ecology, botany or similar. • Competent field skills in accordance with CIEEM Guidelines. • Be able to work autonomously. • GIS mapping experience. • 3+ years' experience in consultancy. • Excellent technical report writing skills. • Detailed knowledge of wildlife and conservation legislation within Ireland. • Experience of project and client management.

Desirable

- Full, clean EU driving license.
- This vacancy is suitable for Remote/Blended working
- **Sector:** professional, scientific and technical activities

Career Level

- Experienced [Non-Managerial]
