Job Description

Kerr's Tyres and Auto are a rapidly expanding business within the Tyre and Automotive aftercare market. Due to continued expansion we require experienced managers to join the team in Dublin.

Essential Criteria:

Previous centre management experience

Strong leadership and organisational skills with the ability to develop and motivate staff

Knowledge of tyre fitting, balancing, alignment, and basic vehicle maintenance

Outstanding customer service skills

Experience using point-of-sale systems, stock management software, and basic office applications

Ability to prepare and manage budgets, control costs, and ensure business opportunities.

Desirable Criteria:

Full licence

Comprehensive understanding of tyre types, fitting procedures, wheel alignment, balancing, and puncture repairs.

Prior management experience in tyre or auto service centre

Job duties:

Daily running of the Centre including development, growth, compliance, breakdowns, deliveries, customer service and achievement of KPIs

Establish and define strategic objectives by gathering pertinent business, financial, service and operations information; identifying and evaluating outcomes and best practice

Maximise revenue and accomplish financial objectives through effective forecasting, cost control, budgets and targets; scheduling expenditures and corrective actions

Commit to high customer care standards; maintain quality assured customer service standards and satisfaction, analyse and resolve customer service issues, identify trends and recommend system improvements to exceed customer service

Build and support an effective team within the Centre through successful recruitment, selection, on-boarding, training and knowledge sharing ensuring Company and customer objectives are achieved

Manage the performance and development of the Centre team through organising workload, delegating tasks, inspections, professional development, mentoring, coaching and training

Contribute to Centre team effort, assisting staff by performing the tasks with them, testing, checking, replacing and repairing tyres and automotive parts; balancing and re-aligning wheels to accomplish results

Maintain and check stock and the operation of equipment and vehicles, identify, evaluate and organise repairs of worn and faulty components, source new innovations, methods and techniques to add value to the Centre

Maintain the cleanliness of the Centre, workshop, reception and Company vehicles; ensure all staff have a high standard of appearance and uniform

Develop technical knowledge by attending training, reviewing relevant publications and establishing personal networks

Liaise with the other Centre Managers and ensure sound communication to drive Company objectives

Nurture communication within the Centre team through frequent team meetings, with agreed agendas and toolbox talks and formal monthly meetings

Understand and adhere to Company policies and procedures to ensure a safe, secure and legal work environment.
