Successful candidate will service and maintain plant and machinery at our waste management facilities. This role is vital to ensuring safe, efficient, and environmentally compliant operations. Responsibilities include performing scheduled and ad-hoc maintenance on equipment such as conveyors, shredders, and excavators; conducting preventative maintenance to minimise downtime; ensuring all work meets health, safety, and environmental standards; accurately documenting inspections and repairs; and maintaining mobile plant equipment according to company procedures. You'll also be responsible for operating machinery safely and within its intended use. This full-time position is based on a 39-hour work week, with a salary range of €34,000-€40,000. Interested applicants are invited to send their CVs to info@aureolglobalconnections.com.

- **Sector:** water supply; sewerage, waste management and remediation activities
