Sustainability Engineer/BER Assessor

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Join Ireland's Leading Building Performance and Compliance Specialists!

Building Envelope Technologies, Ireland's leading air tightness, building performance and compliance specialists, is seeking a Domestic BER Assessor with the opportunity to progress into Non-Domestic BER Assessments. We offer funded support to help you achieve Non-Domestic Assessor status as part of your career development.

What You Will Do:

Conduct domestic BER assessments and produce reports.

Carry out building surveys and ensure compliance with Part L of the Building Regulations.

Calculate U-values and perform condensation risk analysis.

Advise clients on energy efficiency and building compliance.

Progress to Non-Domestic BER Assessor status with our support.

What We Are Looking For:

Must-Have:

Level 6 Qualification in Construction/Engineering/Architecture/Sustainability.

Registered Domestic BER Assessor with SEAI.

Strong IT skills including AutoCAD, Word, and Excel.

Full clean driving licence and willingness to travel to client sites.

Self-motivated, enthusiastic, and a strong communicator.

Nice to Have (But Not Essential):

Experience with Non-Domestic BER assessments (opportunity for funded training if not yet qualified).

Knowledge of TGD Part L and F (NZEB).

2 years of experience in a similar role.

What We Offer:

Competitive salary based on experience.

Opportunity for career progression into Non-Domestic BER Assessments (with funded support).

Training and development to expand your expertise.

Work with a leading team in building performance and compliance.
