Electronics Diagnostic Technician

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

We are seeking a skilled Electronics Diagnostic Technician to join our busy garage in Limerick.

The successful candidate will be responsible for diagnosing, repairing, and maintaining electrical and electronic systems in a wide range of modern vehicles.

Main responsibilities include:

Carrying out advanced diagnostics using professional tools and software

Performing ECU programming, calibration, and fault-finding

Diagnosing and repairing faults in engine management, ABS, transmission, and emission systems

Supporting chip tuning and optimisation processes where required

Conducting routine servicing and ensuring all repairs meet manufacturer standards

Maintaining a clean, safe, and organised workspace

This is a full-time permanent role offering long-term stability in a reputable local garage known for reliable service and quality work.

- **Sector:** wholesale and retail trade; repair of motor vehicles and motorcycles

Career Level

- Experienced [Non-Managerial]
