Job Description

About The Walls Project

The Walls Project (TWP) is a creative arts agency delivering large-scale public and private outdoor artworks across Ireland and Europe. Our mission is to connect artists, communities, and partners through public art that fosters inclusion, creativity, and regeneration. We lead a wide range of initiatives, including Waterford Walls – Ireland's largest international street art festival – alongside commissions, workshops, and consultancy projects.

As we enter a new phase of growth, we are seeking a motivated and creative Marketing Operations Manager to strengthen our operational capacity and expand our network of clients, partners, and supporters.

Role Overview

This strategic and varied role combines marketing, partnership development, and operational management. The successful candidate will support the smooth running of organisational systems while driving relationship-building, communications, and business development. We are looking for a highly organised and proactive individual who can balance strategic thinking with day-to-day delivery. You will bring creativity to partnership and audience development while maintaining strong attention to detail across administration, budgeting, and logistics. The role contributes directly to TWP's strategic plan, supporting sustainable growth and impact.
