In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

We have an exciting opportunity for a graduate to join our leading international firm and specifically our award-winning Financial Accounting and Outsourcing Services Division. Our Financial Accounting and Outsourcing team work to support our clients to better run their finance functions, understand their financial position and performance, and to ensure they are compliant with changing accounting and tax legislation. The successful candidate will work with a diverse range of clients across various industries, assisting with all aspects of their accounting lifecycle. This ambitious individual will have the opportunity to complete ACA/ACCA exams while receiving full financial and exam support from Forvis Mazars.

Responsibilities:

- Maintenance of financial information for a broad range of international clients using various accounting software packages including Xero and Sage 50

- Preparation of monthly accounting reporting packs including bank reconciliations, creditors reconciliations, VAT reconciliations and debtors' statements

- Creating and updating financial statements using accounts production software

- Preparation of statutory financial statements

- Preparation and filing of VAT, VIES and Intrastat returns

- Interim secondments to clients across a range of industries

- Liaising with various external stakeholders providing support as required including external auditors as part of the year end audit process

- Building strong relationships with client representatives

- Promoting financial accounting and outsourcing services both internally and externally

You are working towards or have recently completed an honours degree in any discipline.

You act with integrity and always strive to do the right thing.

You're a strong communicator who enjoys meeting people and exploring new ideas.

You value respect, inclusivity, and supporting those around you.

You thrive in team environments and enjoy working with others.

You're organised, detail-oriented, and able to manage your time effectively.

You're comfortable with technology and have solid computer skills.

You think critically and enjoy solving problems with logic and creativity.

You have excellent organisational skills, computer literacy and attention to detail

About you:

We are looking for bright, motivated individuals from a wide range of backgrounds—whether that is engineering, business, law, science, or a related field. What matters most is your eagerness to learn, collaborate, and apply your skills effectively. We'll equip you with the technical and business know-how you need—but your energy, curiosity, and attitude are what will set you apart.

- This vacancy is suitable for Remote/Blended working
