Job Description

QAULTY MANAGER

Join our dynamic team as a Quality Manager and play a crucial role in ensuring the highest quality standards in our steel manufacturing operations. We are seeking an experienced quality professional to lead and enhance our quality assurance processes, guaranteeing that our products meet our specifications, industry standards, customer requirements, and regulatory guidelines. In this role, you will develop and implement robust quality management systems tailored to steel manufacturing, engage in thorough audits, analyse data, and collaborate closely with production teams to drive continuous improvement. If you are passionate about upholding product integrity, safety, and customer satisfaction, we invite you to apply for this role.

*Some travel to sites e.g. Dublin, Cork, Galway is required.
