Experienced Microbiology Lab Technician

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

ALS has a fantastic opportunity for an experienced Microbiology Lab Technician to join their team in Clonmel. This position will suit a candidate who already has experience in working in a commercial laboratory.

Job Summary

- Prior experience in preparing and plating samples using aseptic technique is essential
- Experience in using rapid/alternative methods (e.g. ELISA or PCR) is desirable
- Verify and calibrate equipment (balances, pipettes)
- Interpret results/plate counting
- Conduct environmental monitoring and sterility checks as applicable
- Support method validations, proficiency testing, and internal audits
- To ensure that agreed quality systems are continually adhered to such as calibration checks, internal quality controls, daily checks, and spiked samples.
- Perform other duties as required.

Required Education, Skills and Qualifications

- Third level qualification in Science or related discipline
- 18 months+ experience in laboratory testing in a laboratory business
- Excellent standards of PC literacy (Excel, Word)
- Analytical and logical approach with a keen eye for detail
- Keen interest on food science and food safety
- Able to thrive under pressure and work as part of team in a fast-paced environment.
