Shuttering Carpenter / Concrete Formwork Installer (ICF System Specialist)

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

The successful candidate will work as part of an on-site construction team installing Insulated Concrete Form (ICF) systems for large residential projects. The role involves all aspects of formwork, structural assembly, and concrete placement using recognised construction methods and industry standards.

Key Duties and Responsibilities

Set out, install and align ICF formwork systems in accordance with construction drawings

Install reinforcement components, bracing and fixings for concrete structures

Prepare, assemble and secure formwork and shuttering elements

Assist in concrete pours, including vibration, levelling and finishing

Cut, shape and fit formwork materials as required on site

Read and interpret site plans, drawings and specifications

Carry out quality checks to ensure structural accuracy and compliance

Work safely with tools, equipment and temporary works systems

Liaise with site managers and other trades to ensure smooth workflow

Maintain a safe, tidy working area at all times in line with construction regulations

Skills, Experience and Qualifications Required

Must have

Experience in formwork, shuttering, carpentry, concrete installation or ICF construction

Ability to read and interpret technical drawings

Competence in using hand and power tools relevant to carpentry and formwork

Strong understanding of concrete placement and structural assembly

Safe Pass

Manual Handling

Strong awareness of site safety and construction standards

Preferable

Formal qualification as a carpenter or formwork installer

Experience specifically with ICF systems

Knowledge of temporary works, bracing systems and concrete vibration

MEWP or abrasive wheels training

Previous experience on medium-to-large residential or commercial sites

- **Sector:** construction

Career Level

- Experienced [Non-Managerial]
