Successful candidate will be supporting the design, fabrication and repair of plant components and equipment. In this role, you will use your technical expertise to interpret drawings, manufacture precision parts, carry out welding and fitting tasks, and ensure all work meets required safety and quality standards. The ideal candidate will have strong experience in toolmaking or fabrication, excellent problem-solving skills, a solid understanding of workshop machinery and safety procedures, and the ability to work independently as well as within a team. If you're a skilled trades professional looking to contribute to a dynamic and growing organisation, we'd be delighted to hear from you. The role offers 39 hours per week with an annual salary range of €34,000–€40,000.

Interested applicants please send your CV to info@aureolglobalconnections.com
