## AutoCAD Technician / Draftsperson

### Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

### Job Description

We are seeking a skilled AutoCAD Redrawing Technician to convert hand sketches, scanned drawings, or outdated CAD files into accurate, high-quality digital drawings. The ideal candidate should have strong attention to detail, knowledge of industry drafting standards, and proficiency in AutoCAD software.

#### Key Responsibilities:

- Redraw existing drawings (hand sketches, PDFs, scanned images, or old CAD files) into AutoCAD.
- Ensure all drawings are accurate, clear, and adhere to company or industry standards.
- Update and maintain existing CAD files for projects.
- Collaborate with engineers, designers, and project managers to clarify drawing specifications.
- Check dimensions, annotations, and scale for correctness.
- Organise and archive drawing files systematically.

#### Requirements:

- Proven experience with AutoCAD (2D and/or 3D).
- Knowledge of drafting standards and best practices.
- Strong attention to detail and precision.
- Ability to interpret technical drawings and specifications.
- Good communication skills for coordination with the team.
- Experience with other CAD software is a plus (e.g., SolidWorks, Revit).

- This vacancy is suitable for Remote/Blended working
- **Sector:** professional, scientific and technical activities
