Consultant (Ecologist)

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Synergy Environmental Ltd t/a DNV

DNV are seeking a Consultant (Ecologist) to support a variety of ecological projects, including conducting fieldwork and preparing reports in compliance with Irish and European environmental legislation. Responsibilities include ecological surveys including detailed assessments, and report writing to assist developers in planning applications, identify ecological constraints, and recommend mitigation measures for biodiversity protection.

Key Responsibilities:

Conduct field surveys of habitats, birds, plants, bats, mammals, and invasive species.

Assess welfare conditions of animals using behavioural indicators.

Prepare ecological reports, including:

Appropriate Assessment Screening reports

Natura 2000 Impact Statements (NIS)

Preliminary Environmental Assessment (PEA) reports

Ecological Impact Assessment (EclA) reports

Biodiversity Management Plans (BMP)

Ensure compliance with environmental regulations.

Utilize QGIS mapping for ecological assessments.

Collaborate on projects such as:

National infrastructure development: Assessment and mapping for new development areas

Biodiversity initiatives, including biodiversity mapping reports.

Large-scale residential developments: Full suite of ecological reports, field surveys, and mapping

Resource extraction projects: Breeding bird and bat surveys, mapping for mitigation measures

Participate in active fieldwork, data compilation, and reporting for residential and commercial projects.

Required Skills and Qualifications:

MSc or equivalent in Biodiversity, Conservation, Ecology, or related field

Experience in ecological surveying and report writing

Familiarity with QGIS mapping and ecological data analysis

Knowledge of Irish and European environmental legislation

Strong communication and teamwork skills
