Electrical Instrumentation Apprentice - Apprenticeship

Job Description

Masonite is now proudly part of Owens Corning. Owens Corning is a global building and construction materials leader committed to building a sustainable future through material innovation. Our four integrated businesses – Roofing, Insulation, Doors, and Composites – provide durable, sustainable, energy-efficient solutions that leverage our unique material science, manufacturing, and market knowledge to help our customers win and grow.

At Masonite, we create Doors That Do More™ for the people who pass through them every day. We believe doors should connect you with the people and things you care about most — and make life easier, safer and more beautiful, too.

Here at Masonite Ireland, Carrick on Shannon we have been operating for over 28 years and we want to continue to grow our talented and loyal workforce.

We have some exciting opportunities for

Maintenance Apprentices

- Electrical Instrumentation Apprentice (at entry level Phase I)

Why apply for an apprenticeship at Masonite Ireland?

- Participate in a paid professional apprenticeship programme
- Kick start your career in a state-of-the-art highly automated environment while gaining excellent experience and a qualification at the same time
- Obtain practical experience in a supportive, supervised learning environment
- Combine on-the-ground training together with a College Education & the college experience.
- Obtain a national and internationally recognised qualification at QQ1 Level 6 Advanced Craft Certificate.

Eligibility – All applicants must be 18 years of age or over on or before January 31st 2026.

Applicants must be born on or before January 31st 2008.

Educational Qualifications

Candidates will have obtained the following minimum requirements at the time of applying. Grade D or higher at Ordinary Level in the Leaving Certificate (or equivalent) in one sitting in the following subjects;

1. Mathematics
