In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Job Description

Rottguard Fire Systems Ltd is seeking an Electrician's Mate – Fire Systems to support the Managing Director in the installation, servicing, maintenance, and commissioning of fire suppression systems across Ireland.

The role involves hands-on technical work both on-site and in the workshop, supporting fire system installations, system preparation, servicing activities, and project delivery in line with company safety and quality standards.

Key Responsibilities:

- Assisting technicians and engineers with the installation, servicing, and maintenance of fire suppression and fire alarm systems
- Supporting system preparation, cable installation, containment, and equipment setup under supervision
- Assisting with system testing and commissioning activities under supervision
- Preparing, handling, and transporting fire system components and cylinders in line with safety procedures
- Supporting on-site works at customer locations and assisting with project delivery
- Assisting with workshop organisation, tools, and stock control
- Completing basic service documentation and job reports as required
- Following all health, safety, and fire regulations and company procedures at all times

Skills & Experience Required

- Technical background in maintenance, electronics, or engineering support roles
- Experience assisting with installations or servicing of technical systems
- Strong safety awareness and ability to follow procedures
- Good organisational and reporting skills
- Ability to work independently and as part of a small specialist team

Willingness to complete required Irish safety training (e.g. Safe Pass)

Qualifications

Technical qualification in Electronics, Engineering, or related discipline

Fire safety or maintenance-related training is an advantage
