Job Description

O'Carroll Engineering is an innovative, off-site modular engineering steel fabrication specialist. Established in 1990 we combine a highly skilled workforce with technologically advanced and digital fabrication methods to produce efficient-install solutions to industrial and construction markets. Specialists in modular walkways and access systems, stairs and modular apartment balconies.

O'Carroll Engineering is offering an opportunity to join our 165+ strong, highly skilled team and be a part of an innovative, technology-driven, industry-leading manufacturer. Our team members are at the core of our growth and we endeavour to strike the best possible work-life balance along with training and advancement opportunities to ensure we challenge and motivate employees.

Located in one of Ireland's most vibrant and scenic towns Killarney, we are proud that the majority of our staff have over five years of service with us. For more information visit www.ocarrollengineering.com.

We are expanding our innovative, award winning team and currently looking to hire a Strategic Purchaser.

Join our dynamic team as a Strategic Purchaser and play a crucial role in ensuring effective and seamless steel manufacturing and site installation operations. We are seeking an experienced strategic purchaser to lead our longer-term procurement requirements and enhance our purchasing processes. In this role, you will focus on long-term value, risk management and supply chain resilience, whilst developing and implementing robust strategic purchasing systems aligned with production and site installation schedules. If you are an experienced procurement professional with a proven ability for strategic purchasing of high volume and bespoke products, we invite you to apply for this role.
