Job Description

Job Title: Solar Panel Installer

Company/Employer: Structive Civil Engineering Ltd

Location: Glenbrack, Gort, Galway - H91 62N3

Contract Type: Full-Time

Salary: €34,000 per year

Working Hours: 39 hours per week

About the Role:

Structive Civil Engineering Ltd is currently seeking a motivated and reliable Solar Panel Installation Operative to join our team. This is an excellent opportunity for someone looking to build a career in the renewable energy sector with a well-established and forward-thinking company.

Main Responsibilities:

Install photovoltaic (PV) solar panel systems on farms / rural areas

Assemble and mount panels, racking, and other structural components

Ensure systems are installed to industry standards and manufacturer specifications

Work safely at heights and follow all relevant health and safety regulations

Collaborate with electricians and other team members during installation

Maintain tools and equipment in proper working condition

Assist with site preparation and clean-up

Required Qualifications and Experience:

Basic understanding of electrical or mechanical systems

Comfortable working outdoors in various weather conditions

Valid Safe Pass and Manual Handling certification (or willingness to obtain)

Full, clean driving licence (preferred)

Preferred Skills:

- Previous experience with solar panel installation or renewable energy systems
- Strong attention to detail and problem-solving skills
- Ability to work independently and as part of a team
- Good communication and time management skills
- **Sector:** construction

Career Level

- Experienced [Non-Managerial]
