## Production Planner (Seafood Manufacturing)

### Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

### Job Description

Kerry Fish Trawlers Ltd seeking 1 Production Planner (Seafood Manufacturing)

#### Job Description:

The Production Planner in a seafood manufacturing environment will be responsible for coordinating, scheduling, and optimizing the production process in a fish factory to ensure timely, efficient, and high-quality output while managing inventory, raw materials, and resources in line with customer demand and regulatory standards.

#### Key Responsibilities:

- Develop and maintain production schedules to meet daily, weekly, and monthly targets.
- Coordinate with procurement, warehouse, and production teams to ensure raw material availability.
- Monitor production workflow, identify bottlenecks, and adjust plans to maximize efficiency.
- Track inventory levels of raw materials and finished goods to prevent shortages or overstock.
- Ensure compliance with food safety, hygiene, and quality standards throughout production.
- Communicate production plans and changes effectively with team leaders and factory staff.
- Analyze production data to forecast demand, plan capacity, and optimize resources.
- Collaborate with logistics and distribution teams to align production with delivery schedules.
- Maintain accurate production records and reports for management review.
