Construction - Quantity Surveyor Internship/Placement

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

In the role of the Quantity Surveyor Intern, you will be Reporting to the Senior Quantity Surveyor and assisting the Project Managers and Quantity Surveyors on the financial performance and reporting of contracts assigned to.

Main Duties and Responsibilities:

The main duties and responsibilities of Quantity Surveyor Intern are outlined as follows:

Work closely with all members of the Commercial team and Project Managers to ensure projects are completed with all necessary contractual administration undertaken.

Assist in the preparation of cashflow forecasts and other reporting on project performance.

Assist Commercial team with the preparation of monthly interim valuations to the Client.

Assist the site management team with management of subcontract packages, including drafting invitation to tender documents and final account statements.

Assist with accurate and timely contract administration, including drafting Early Warning Notices.

Assist with cashflow management, including updating the Client payment tracker and highlighting any deductions made.

Knowledge, Skills and Experience:

The main knowledge, skills and experience required of the Quantity Surveyor Intern are outlined as follows:

Currently enrolled in a Quantity Surveyor (or related) degree programme.

Must be returning to college/university after completion of the placement (this is a structured placement opportunity, not a graduate role).

Strong academic foundation with an interest in developing practical, on-site engineering skills.

Enthusiasm for learning and applying engineering concepts in real-world projects.

Good communication and teamwork skills, with the ability to work collaboratively in a professional environment.

Basic knowledge of Microsoft Office (Word, Excel, PowerPoint)

Willingness to work on-site and adapt to a dynamic project environment.

Location Ireland.
