Planning and Scheduling Analyst

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

McCulla Ireland Ltd, Dublin, is seeking a Planning and Scheduling Analyst to join its logistics operations team at Ballymount Road Lower, Ballymount Cross Industrial Estate, Ballymount, Dublin.

Key Duties and Responsibilities

Plan, coordinate and manage scheduling activities across logistics and supply chain operations to ensure the efficient and timely delivery of goods.

Develop, maintain and update detailed operational schedules based on demand forecasts, capacity planning, inventory levels and transport availability.

Analyse logistics and operational data to identify trends, risks and opportunities to improve planning accuracy and service performance.

Monitor schedule adherence and key logistics performance indicators (KPIs), including on-time delivery, capacity utilisation and inventory movement.

Collaborate with internal teams such as operations, warehousing, procurement and customer service to align planning activities with business requirements.

Liaise with external service providers, carriers and third-party logistics partners to resolve scheduling issues and ensure continuity of service.

Utilise ERP and planning systems (e.g. SAP or equivalent) to maintain accurate planning data and generate reports for management review.

Identify bottlenecks or constraints within logistics processes and recommend corrective actions or

process improvements.

Prepare regular planning and performance reports and provide data-driven insights to support operational and strategic decision-making.

Ensure all planning and scheduling activities comply with company policies, health and safety standards, and applicable regulatory requirements.

Candidate Requirements

Minimum of one year's experience in a similar planning, scheduling or logistics role.

Third-level qualification in Logistics, Supply Chain Management, Business, or a related discipline.

Ability to work on own initiative and manage tasks effectively in a fast-paced environment.

Strong organisational, analytical and problem-solving skills.

Demonstrated competencies including flexibility, teamwork, time management and attention to detail.
