### Job Description

Aureol Global Connections is looking for Mechanical Project Engineers on behalf of King And Moffatt Ireland Limited t/a King & Moffatt Building Services, Attirory, Carrick-On-Shannon, Leitrim N41 XE89. Ideal candidate is responsible for the creation, development, and finalisation of mechanical services engineering design solutions and specifications in line with client and project requirements. The role involves producing detailed designs, calculations, technical studies, and reports; attending design team meetings; managing design trackers and documentation; and incorporating inputs from other disciplines into coordinated solutions. The Mechanical Project Engineer will carry out site surveys and inspections, prepare stage reports, design briefs, basis of design and survey reports, source efficient mechanical components, and support tender and contractor proposal development. The role also includes monitoring contract progress, supporting project and site teams throughout delivery, mentoring junior engineers, and ensuring all work is completed professionally in compliance with EHSQ requirements and King & Moffatt document management procedures. This is a full-time role of 39 hours per week with an annual salary range of €36,000-€44,000. Interested applicants should send their CV to [info@aureolglobalconnections.com](mailto:info@aureolglobalconnections.com).
