Electrical Project Engineer

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

Aureol Global Connections is looking for Electrical Project Engineers on behalf of King And Moffatt Ireland Limited t/a King & Moffatt Building Services, Attirory, Carrick-On-Shannon, Leitrim N41 XE89. Ideal candidate is responsible for developing and delivering safe, compliant electrical designs to support successful site installations. The role involves designing in accordance with fire certification, disability access certification, and planning permission requirements; attending design team meetings; carrying out site surveys; and producing detailed schematics, stage reports, design briefs, basis of design documents, and survey reports. The Electrical Project Engineer will also source and procure electrical components, prepare test plans and documentation packs, liaise with clients and suppliers, meet project delivery deadlines, and ensure all work is carried out in a professional manner and in line with company standards. This is a full-time role of 39 hours per week with an annual salary range of €36,000-€44,000. Interested applicants should send their CV to info@aureolglobalconnections.com.
