## Roofer

### Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

### Job Description

Specialising in Flat Roofing, Slate Roofing, and Solar PV Installation. We are seeking an experienced Roofer to join our construction team, with specialisms in flat roofing, slate roofing, and solar photovoltaic PV installation. The successful candidate will work on a variety of residential and commercial projects, delivering high-quality roofing solutions tailored to client needs.

#### Key Responsibilities:

Install, repair, and replace flat roofs using materials such as bitumen, single-ply membranes, and liquid waterproofing systems

Carry out slate roofing installation and repairs, including cutting, fixing, and replacing slats

Install and maintain solar PV panels on new and existing roofs, ensuring correct integration with roofing systems

Inspect roofs to determine the best repair procedures and identify necessary materials

Measure and cut roofing materials to fit corners, edges, and roof features

Install insulation, vapour barriers, and ventilation systems as required

Ensure all work is completed to a high standard and in compliance with building regulations and health & safety requirements

Set up scaffolding, ladders, and safety equipment for roof access

Remove debris and maintain cleanliness at the job site

Communicate effectively with site managers, clients, and team members

#### Requirements:

Proven experience as a roofer, with demonstrated expertise in flat roofing, slate roofing, and solar PV installation

Knowledge of various roofing systems and materials

Ability to work at heights and in various weather conditions

Good physical fitness and balance

Attention to detail and commitment to quality

Valid Safe Pass and Manual Handling certificates (preferred)

Full driving licence (preferred)

What We Offer:

Competitive rates and ongoing work

Training and upskilling opportunities, including solar PV installation

Supportive team environment

Opportunities for career progression
