The role involves setting, operating, and programming CNC milling and turning machines, interpreting engineering drawings, working to tight tolerances, and ensuring components are manufactured to high quality and safety standards. This position suits a technically strong machinist who takes pride in precision work and wants to contribute to the reliability of critical plant and equipment within a large, multi-site operation. This full-time position is based on a 39-hour work week, with an annual salary range of €36,000-€40,000. Interested applicants are invited to send their CVs to [info@aureolglobalconnections.com](mailto:info@aureolglobalconnections.com).

- **Sector:** water supply; sewerage, waste management and remediation activities

### Career Level

- Experienced [Non-Managerial]
