Job Description

Sales Executive – Engineering

Dublin based, with travel around Ireland

€50-60k, with bonus and benefits

An exciting opportunity to join a highly respected and well-established engineering organisation with a strong reputation for delivering innovative technical solutions across multiple industries. Due to continued growth and strategic expansion, they are now seeking an ambitious and commercially driven Sales Executive to join their team.

You will be responsible for driving new business growth through proactive business development and targeted marketing initiatives. Working closely with the internal Technical Engineering team, you will identify, develop, and convert new opportunities, building long-term client relationships across Ireland.

This is a field-based role requiring regular travel nationwide.

Key Responsibilities

Identify and develop new business opportunities across target markets

Proactively generate leads through networking, outreach, industry engagement, and marketing initiatives

Collaborate closely with Technical Engineers to develop tailored solutions for clients

Prepare and deliver professional sales presentations and proposals

Maintain and grow relationships with new and existing clients

You will have:

Third-level degree (Business, Engineering, or related discipline preferred)

Strong interest in engineering and technical solutions (engineering background advantageous)

Proven ability to generate and develop new business opportunities

Full, clean driver's licence (essential)

Willingness to travel nationwide across Ireland
