CNC Stone Machine Operator

Application Details

In order to work in Ireland a non-EEA National, unless they are exempted, must hold a valid employment permit. Please review the [Eligibility and requirements for an employment permit](#) if you are unsure of your eligibility to apply for this vacancy.

Job Description

We are seeking an experienced and detail-oriented CNC Stone Machine Operator to join our production team. The successful candidate will be responsible for operating CNC machinery to cut, shape, and finish natural stone products to precise specifications for commercial and residential projects.

This role requires technical ability, accuracy, and a strong understanding of stone fabrication processes.

Key Duties and Responsibilities:

Operate CNC stone cutting and profiling machines (e.g., GMM, Donatoni, Breton)

Read and interpret technical drawings and CAD files

Set up tooling, materials, and machine parameters

Load and unload stone slabs safely using lifting equipment

Monitor machining process to ensure accuracy and quality

Perform basic machine maintenance and cleaning

Inspect finished products to ensure dimensional accuracy and finish quality

Work closely with templating, CAD, and fabrication teams

Maintain a safe and clean working environment

Adhere to health & safety procedures at all times
