Job Description

Salary:

€27.54 per hour

Location: Dublin 8

Contract Type: Full Time, Permanent

About the Role

We are seeking a qualified and experienced Electrician to join our Facilities team. The role is responsible for the delivery of high-quality electrical maintenance, repair, and installation services, ensuring full compliance with statutory regulations, client requirements, and company standards.

This position operates within a regulated environment and requires a strong focus on health and safety, quality workmanship, and customer service.

Key Responsibilities

Carry out planned and reactive electrical maintenance in line with contract requirements.

Inspect, test, diagnose, and repair electrical systems, equipment, and components to ensure safety and compliance.

Install, maintain, and rewire electrical systems in accordance with current wiring regulations.

Test electrical systems and continuity of circuits using appropriate testing equipment.

Identify hazards and defects and advise management where continued operation may be unsafe.

Ensure all works are completed to a high standard and in compliance with building codes and safety requirements.

Maintain accurate records and report faults, incidents, and risks to line management.

Order materials and manage equipment in accordance with company procedures.

Ensure all tools and equipment are safe, serviced, and fit for purpose.

Work independently where required to investigate and resolve electrical faults.

Provide professional advice and support to clients and colleagues.

Participate in training, team meetings, and emergency response activities as required.

Health, Safety and Compliance

Comply fully with company and client health and safety policies, safe systems of work, COSHH, fire safety, and statutory regulations.

Ensure appropriate safety signage and PPE are used at all times.

Report all accidents, incidents, near misses, and hazards promptly.

Skills, Knowledge and Experience

Qualified to Level 6 NQAI Certificate in Electrical Craft Practice or equivalent.

Proven experience working within an electrical maintenance or facilities environment.

Strong knowledge of electrical systems, standards, and compliance requirements.

Experience working in a regulated or compliance-driven environment.

Ability to work independently and use initiative to resolve issues.

Strong attention to detail and commitment to quality workmanship.

Good communication and customer service skills.

Basic IT skills, including use of Microsoft applications.

What We Offer

Stable role within a professional facilities environment.

Opportunities for training and development.

Supportive team culture with a strong focus on safety and standards.

Competitive salary and benefits package.
